ERRATUM

There was a reference error in Silber MH, Ancoli-Israel S, Bonnet MH et al. The visual scoring of sleep in adults. J Clin Sleep Med 2007;3(2):121-131.

The sentence starting on line 30, column 1, page 127 “Median spindle frequencies have been reported to form a U-shape within a single episode of NREM sleep, with faster frequencies at the beginning and again at the end of the episode, and slower frequencies in between.” was erroneously assigned reference number 16. The correct reference was omitted from the reference list.

The correct reference is:

73a. Himanen S-L, Virkkala J, Huhtala H, Hasan J. Spindle. Frequencies in sleep EEG show U-shape within first four NREM sleep episodes. J Sleep Res 2002;11:35-42.

The authors regret this error.
